

Dear Families,

We have had a wonderfully successful Parliament Week at school. Our pupils explored the Rule of Law through engaging activities and thoughtful discussions. A particular highlight was the visit from MP Daniel Francis, who spoke with the children about the voting system in Parliament and shared his own journey to becoming a Member of Parliament. The children asked insightful questions and thoroughly enjoyed the experience.

We were also delighted to welcome government visitors from Taiwan. They spent time in classrooms observing how our pupils use digital tools to enhance their learning, and they were incredibly impressed by the confidence and creativity shown across the school. It was a proud moment to showcase the exceptional learning taking place each day.

Next week promises to be equally exciting as we continue to share the achievements of our children. We look forward to hosting educational professionals from Barking and Dagenham who are visiting to gain insight into our approach to teaching and learning. It is always a privilege to open our doors and share the fantastic work of our staff and pupils.

As we now enter the colder months, please ensure your children come to school with a warm coat, hat, and gloves. This will help them stay comfortable during outdoor learning and playtimes.

As the mornings and evenings become darker, we kindly remind parents and pupils to stay mindful when travelling to and from school, especially if pupils make the journey independently. There is no specific cause for concern; this is simply a seasonal reminder to help everyone stay safe and confident on their daily route.

If anyone does notice anything unusual, we encourage you to report it to the police so they can offer advice and support where needed.

Thank you for helping us keep our school community safe.

Yours sincerely,
Mrs Ferla and the PWP Team

Upcoming Events

Monday	Tuesday	Wednesday	Thursday	Friday
1st Year 1 Phonics Workshop	2nd Year 1 Phonics Workshop	3rd Year 1 Phonics Workshop	4th Year 3 Trip to Firestation Year 5 Trip - Maritime Museum Year 2 Phonics Workshop	5th Year 2 Phonics Workshop

Eucalyptus	Aaron

SCHOOL VALUES

The value this term is Kindness.

The focus value for this term is Kindness

EYFS - Reception and Nursery had a great time at their Danceathon fundraiser. They danced with their friends and showed kindness taking turns.

KS1 - Year 1 have been making imprint models to print with in class. They worked together and shared resources making sure everyone made a stamp that they can print with next week.

KS2 - Year 6 went on a thoughtful trip to St Augustine's church to look at the exhibition to commemorate the 80th anniversary of the end of WW2 and the impact the war had on the local community.

10 Top Tips for Parents and Educators SAFETY ON THE ROAD

Traffic-related incidents are a significant risk for young pedestrians and cyclists, so understanding road safety is crucial for children's wellbeing. While all road users share responsibility for keeping one another safe, this guide offers strategies for empowering young people to navigate the roads confidently and responsibly.

1 TAKE PRACTICE JOURNEYS

Making practice journeys with children is a great way to help them stay safe. The key is making these journeys fun and safe, and having road safety conversations as they prepare to travel independently. Safe travel preparation activities like spotting electric vehicles – which may have a green number plate – and pointing out how quiet they are. Children learn by watching others, so it's important that their parents might not always be the best role models.

2 BE BRIGHT, BE SEEN

Visibility is lower during darker winter days, and drivers need to take extra care to look out for pedestrians. Wearing bright and reflective clothing can help make children more visible to drivers near roads. In poor daylight conditions, encourage children to wear light, bright or fluorescent clothing. When it's dark, wear reflective clothing or materials such as a reflective cardigan or jacket.

3 EYES UP

Encourage children to look up and keep their eyes on the road. Teach them to constantly watch for traffic and practice double-checking the road before crossing – looking right, left and then right again.

4 LIMIT DISTRACTIONS

Where possible, devices like phones should be kept away from children when out and about near roads. If they're carrying devices, these should be put away until they've reached their destination. Children must also avoid playing with toys or being distracted by friends. If a friend wants to show them something funny on their phone, there'll be time for that once they're safely arrived.

5 SLOW DOWN

Discuss the importance of waiting instead of crossing immediately. It can be tricky to judge the speed of traffic and spot vehicles that could cause a trip or a fall. For safety, children must stop and think before they get to the kerb and should always walk – not run – when crossing the road. They should avoid crossing until they're certain they have plenty of time. Even if traffic seems to be going well, it could still be approaching very quickly.

6 STOP BEFORE THE KERB

Teach children to stop before reaching the kerb – not right at the edge of it. Stopping before they get to the kerb allows them to see if anything's coming, whereas getting too close to traffic is dangerous. If there's no pavement, children should stand back from the road's edge but ensure they can still see approaching traffic.

7 CROSS SAFELY

Children should always find a safe spot to cross the road, avoiding zebra crossings or pelican crossings, bus stops and roundabouts. Find a place where they can see traffic coming from both directions. Avoid crossing near junctions, bends in the road, or obstacles that block their view. Instead, moving to somewhere they can see and be seen, remind them to use their eyes and ears together when checking the road, or sometimes they can hear traffic before they can see it. Looking well in advance while moving helps them spot safety hazards, including cars and motorcycles driving between other vehicles.

8 PARKED VEHICLES

Crossing between parked vehicles is very dangerous. Teach children to use their eyes if crossing in this way, and clearly avoid it if possible. They should use the outside edge of a vehicle as if it were the kerb, waiting and checking for traffic before moving. They should never get into a car without an adult, by looking for drivers in the vehicles and listening for engines running – but remember that electric vehicles may not sound clearly. They should always make sure there is a gap between any parked vehicles on either side, so they can reach the pavement.

9 REVERSING VEHICLES

Children must never cross behind a reversing vehicle – it's extremely dangerous. Remind them to look for white reversing lights and listen out for warning sounds. Can they hear the engine sound or a radio playing inside the vehicle?

10 WAIT FOR THE BUS TO LEAVE

When getting off a bus, children must wait for it to leave before crossing so they can have a clear view of the road in both directions. This also allows them to see and be seen by other road users. Crossing near large vehicles is particularly dangerous and should be avoided.

Meet Our Expert

THINK is a year-round national campaign that aims to encourage safe road behaviour – whether you're driving, cycling, horse riding or walking – with the aim of reducing the number of people killed and injured on the UK's roads each year.
