

Year 2 Summer 1

Dungeons and Dragons

Big Bang

Children will be immersed in a dragon hunting day, with a visit from the Time Capsule Experience!

Pride Time

Creating a coat of arms with families.

Learning Outside of the Classroom

Trip to the Tower of London planned around this topic. Further information to follow.

Dungeons and Dragons

English

This term pupils will be using a model text of The Tree Dragon to write their own conquering the monster tales. They will be creating their own dragons, orally rehearsing their stories and writing them. The children will also be creating some instructional writing pieces on how to catch a dragon to send back to Tim and his team of dragon hunters.

Maths

This term the children will be learning about money, multiplication and division. They will be building on their skills of counting in their 2's, 5's and 10's and will be applying this knowledge into real life contexts and problem solving.

Science

The children will be conducting an experiment over time, investigating the effects that different liquids may have on our teeth. They will be asking and answering scientific questions, making predictions and reporting results.

History

In History this term, the children will be learning about the history of castles, their development over time and some local castles.

Art/DT

In Art the children will be learning how to print. They will be developing an understanding of what printing is and the purpose of printing, with opportunities to practice different types of printing with a range of mediums. They will be finishing the term with a final project designing their own coat of arms, creating a repeated block pattern of this print.

Music

In Music, we will be using the programme Charanga to develop our understanding of beat and pulse in a piece of music. We will also be listening to some medieval castle music and will be creating our own tunes with percussion instruments.

Computing

We will be continuing to develop our coding skills this term, focussing on creating algorithms for a computer programme to follow.

Geography

In Geography the children will be developing their understanding of the 7 continents and the 5 oceans. We will be exploring different myths and legends originating from the 7 continents.

P.E.

The focus in PE this term will be gymnastics - spinning, turning and twisting. We will be developing the fundamental movements skills within gymnastics.

Personal Development

This term the focus is on Pride, Aspirations and Achievements. Pupils will be focussing on what they are proud of and achievements they have made so far this year in and outside of school. We will be discussing our ambitions and how to achieve them.

Core Books
