

Year 4 Spring 1

Healthy Humans

Pride Time

Children will share how to create the human digestive system

Big Bang

Children will take part in different physical activities and measuring their heart rate at different points of the day. Children will also be making a fruit salad, videoing themselves and producing a cooking program on Showbie keynote.

Learning Outside of the Classroom

Physical activity, to show the difference in heart rate through different exercises.

Healthy Humans

English

This term, children will be focusing on two different types of writing; story writing and letter writing. Further exploring the difference in content between fiction and non-fiction writing.

Maths

This term the children will be continuing to learn about multiplication and division. They will also be revisiting fractions and how this relates to decimals. They will also be learning more about area and perimeter.

Science

This term, the children are learning about Animals (including humans). They will be exploring; different types of teeth and their role, the human digestive system, food chains (including food chains in different habitats). Science Museum Trip

Geography

This term we will be looking at where food comes from around the world.

Art/DT

In Art/DT, the children will be learning about a healthy diet. The children will be designing a healthy packed lunch that is suitable for school. With the goal of making their own healthy sandwich.

Music

Children will be continuing their work on Ukeleles, building on knowledge gained in previous terms.

Computing

This term in computing, the children will be learning about different services that are available on the internet and the different ways that computers and other devices 'talk' to each other.

R.E.

This half term the children will be focusing on Christianity. Specifically, exploring why Jesus is important to some people. (not including Easter)

P.E.

This term, the children will be learning about movement through dance. They will also be practicing throwing and catching skills through basketball.

Personal Development

This term the focus is on Love of learning. The children will also be learning about what it means to belong to a community.
