

Year 5 Spring 1

Reach for the Stars

Pride Time

Children will create a quiz along with their parents to show off their learning of our topic.

Big Bang

Children will immerse themselves into a sensory classroom based on space. They will create a cardboard rocket, alien slime, a play-dough alien, and will explore the planets using their senses.

Learning Outside of the Classroom

Create planets and take them outside to form a scaled down version of the solar system.

Reach for the Stars

English

We will also be using the text George's Secret Key to the Universe to write a magazine article documenting the mood landing and a narrative about exploring the universe.

Maths

In Maths, pupils will continue be focusing on multiplication and division. This will be both on its own and withing looking at fractions or amounts.

Science

We will focus on earth and space and will be exploring the movement of earth, the moon and other planets and exploring how this explains day and night.

History

In History, we will be exploring the history of flight and how it has changed over time. We will also study space travel including the Space Race.

Art/DT

In Art/DT, children will focus on the artist David Kockney and will create their own digital piece of art through drawing and painting programmes and photo manipulation.

Music

In Music, we will focus on looking Gustav Holst's Planet Suite.

Computing

Children will be learning about conversational AI and how it works and how to achieve the best results when using it.

R.E.

This term the focus is Christians, Hindus and Jewish people. Children will look at places of worship and exploring religious buildings.

P.E.

This term children will be working on gymnastics, pair work and tag rugby.

Personal Development

Responding respectfully to a wide range of people; recognising prejudice and discrimination.

Core Books
